

Your message burns in my heart and bones, and I cannot keep silent. (Jeremiah 20:9)

The testimony of JESUS is the spirit of the prophecy. (Revelation 19:10c)

September 2022 Exhortation and Encouragement

Considering where we are on the clock of world history, I am compelled to warn those with eyes to see and ears to hear while at the same time offering great encouragement to those who are overwhelmingly conquering through Him who loved us, has continued to love us and will love us to the end of this age and beyond. Christ in us is our great hope, our expectation of glory. Grace upon grace, faith to faith and glory to glory is the hallmark of the Lord's conquerors, the many sons He is bringing to glory that are destined to be transformed into His likeness. This is the path of zoe-life.

I have some more encouragement to offer based on the passing of Queen Elizabeth, but before doing so in a subsequent insight, I am compelled to remind those who follow this site of what the Lord has given me as signposts on the highway to the open manifestation of His kingdom. With so many distractions in this day, it is easy either to forget what has been revealed or to be overwhelmed by it all to the point of confusion. Allow me to help.

None of what follows is new from me but still quite relevant. On October 3, 2021, I received word that a [***massive event is coming, one that we will watch build***](#). I was told to warn that this event is coming without being told specifically what it is and how it will manifest. Unless one has their head constantly stuck in their smart phone and social media platforms, it doesn't take much effort to see that the world situation has been building toward an event of great magnitude. Those with spiritual discernment know this is true. A daily scan of the many news sources from both establishment and alternate media is enough to make one's head spin wondering what is going on. Where is it all headed? How bad will it get? All valid questions and many are speculating specific answers to these and more. Frankly, much of this is caught up in what I call the *weeds*. However, what is the telescopic view? On a grand scale, the answer lies in the word I received on May 3, 2022—[***the end of civilization as you all have known it***](#). Truly, we have entered the most perilous time in the history of the human race, probably since Noah's flood, even exceeding WW1 and WW2. [***We are on a course of cataclysmic upheaval to a global meltdown***](#). Most assuredly, [***WW3 began in 2015***](#) and has been building on many global fronts for the last seven years and will soon openly manifest as a kinetic ("hot") war of the nations.

I could go on and on relaying the many dreams and words I have been given spanning 26-27 years that reinforce the points of the above, but I will refrain from doing so. The theme has been consistent throughout. For the curious, [***check it out***](#) for yourself.

However, it is vitally essential that we realize one thing—**the global system has become so corrupt that it cannot be reformed or fixed**; it must and will fall. True peace, justice and liberty for all cannot spring up from the current world order. It must crumble into dust so that a new order of righteousness can be established that will benefit all nations and their people. This is God's plan! You are encouraged to keep this thought clear in your mind and not be distracted or confused by the many voices of media.

A very special warning is offered to those who continue to be caught up in the American political system, thinking if one party or certain types of politicians, even Christian-types, get into power, the clock can be turned back and all will be well once again. It will not happen! True believers in the Lord Jesus who know, experience and live in His Presence should be discerning in their spirit that it is time to come out of the broken, corrupt system. This is a matter of the heart. We don't look to politicians or world leaders to save us, that is, to rescue us from all that is happening and is about to come upon the global system; we look to the one who has rescued us, is rescuing us, and will rescue us. Look to the Man in glory, not to men of a failed system that is soon to turn to dust.

The old ways are dead. The Lord says, ***Behold, I AM making all things new!*** It is time to lay hold of this truth that has been overlooked for far too long.

This leads to another theme, the most important one, that has also run through the thousands of articles I have written during this period and longer—it is **the good theme¹ of King Jesus and His Kingdom.**

When the dust of the crumbled structures of man's world order settles, God's divine order, centered and embodied in His conquering Son and His conquerors, will rise up. This day could be likened to when *lovingkindness and truth meet together; righteousness and peace kiss each other; truth springs from the earth, and righteousness looks down from heaven* (Psalm 85:10-11).

So, don't be dismayed, no matter how dire the world situation gets; this day is coming within the next decade, perhaps even sooner if the Lord chooses to cut the days short (i.e., He doesn't allow events to proceed any further).

The ***[gale-force winds of the holy spirit](#)*** are upon us. Which way will you go? Will you go upstream by the spirit, against the tide of the world, or will you be swept up in its violent storm, tossed to and fro in its tumultuous waves? Life and death are set before all. Choose life, the zoe-life of God and His Son, no matter the consequences. To be continued...

¹ For the good theme of the King, read Psalms 45 and 145.
