Queen Elizabeth & September 8

What I must share in this insight has many components to it, making a coherent explanation a challenge. Although I will be referencing specific years, in some cases, it is necessary to transcend time¹. So, please bear with me as I attempt to pull these components together.

The starting point for what follows is a dream I had on June 26, 2003 about [September 8, Wednesday](#). Since I have referenced this dream quite often, to some, I might come across like a broken record stuck in one groove. Sorry; but like Jeremiah in the above verse, it burns in my heart and bones, and I cannot keep silent! Without any doubt, I know that this came from the Lord, meaning this specific combination has great significance, especially in regard to the Lord's Presence.

As I have noted, the combination of Wednesday falling on September 8 occurs on six- and eleven-year cycles (with leap-year exceptions). Following 2003, the pattern was/is 2004, 2010, 2021, 2027, 2032 (leap year). The assumption is that September 8 must occur on a Wednesday, but I have also wondered if it meant Wednesday had to fall either immediately before or after the date. Interestingly, and to my disappointment, since 2003, the spirit of the Lord has not revealed anything to me, either in dream or word, on this particular day, regardless of the day of the week on which it falls—that is, until just recently.

Following September 2021, I purposed to lay aside the June 2003 dream and, for the most part, I have for the last year—until **September 8, 2022**, that is. Shortly after midnight on the 8th, the Lord broke into my sleep with a dream and a word that, upon waking, He explained further over the next hour. Again, this is the first time that any word or dream has come to me on a September 8th, regardless of the day of the week on which it appears, making what I am about to report quite significant, at least in my book.

To begin, a foundation needs to be laid based on some prophetic insights that have been previously reported (links are provided). To maintain context, they are listed in order along with a short bit of commentary, starting with the 2003 dream. Please take special note of the same dates (month/day) that have been repeated in subsequent years. They are grouped together so you won't miss the point.

¹ An explanation and example is given in [Transcend Time](#).

June 26, 2003: Dream—[September 8, Wednesday](#). Subject: Coming of the Lord Jesus.

June 26, 2015: Word—[My Presence is Coming! Seismic Change is Coming!](#) Subject: The Lord began speaking to me using the word *presence* rather than *coming*. I believe there is a reason for this that will be taken up later. The take-away is that the 2003 dream is about the Lord's Presence, which has a very special meaning. Note that both the dream and the word came on the same day twelve years apart.

August 30, 2017: Word—[The Countdown to the Beginning of the End has Begun!](#) Subject: This came as a mighty storm (Hurricane Harvey) hit the city of Houston, dumping up to 60 inches of rain and causing devastation in certain areas. On **August 30, 2009**, a brother in Christ had a dream that foresaw the results of this storm and heard: ***When you see this, it has begun***. He then had another dream that confirmed ***judgment had begun***. However, I saw another facet of this that had to do with the word *countdown*, based on a ten count (10, 9, 8, 7, etc.). The **number 10** signifies ***ordinal completion of a series***. The spirit of the Lord led me to count 10 days from August 30, which lands on **September 8** (inclusive of the final day). This caught my attention.

August 30, 2021: Dream: [Taking Queen Elizabeth's Seat](#). Subject: I saw myself taking Queen Elizabeth's royal seat, meaning I, representing all of Christ's conquerors, had come to the place of reigning. This links back to the **June 26, 2003** dream, especially the part about me and some others standing in light and people coming out of darkness and falling prostrate before us. The scene was representative of the Lord's conquerors standing as *saints in Light* (Colossians 1:12). Again, there was a connection to **September 8**, based on an interpretation offered by a brother in Christ whose son was born on August 30, 2003 and is named *Joseph*—a type of a conqueror and of the Lord Himself, our Rescuer. What caught my attention was Joseph being born in the same year as the June 26, 2003 dream. Another linkage between June 26 and August 30!

Now, this leads to the **September 8, 2022** dream and word that came shortly after midnight, some of which is too personal to share, so I will paraphrase certain portions.

The dream was about **the Presence of the Lord**, for, as I slept, I was being impressed with the thought that His Presence was to manifest in a unique way for His conquerors². A longing for this manifestation was growing within me. Footnotes offer some commentary; please read them.

² I prefer the word *conqueror* rather than *overcomer*; however, the words are synonymous.

It was dark and I was driving, trying to cross a four-lane road with a pass-through intersection in the medium. I sensed it was a dangerous intersection for there was a hill on both sides that hid approaching cars. Fortunately, since it was night, lights of oncoming cars could be seen. So, I waited until it seemed clear and I made it across the road.³

Then, I was in a commercial area with a guitar shop. A preacher-type was yelling hell-fire at the shop.⁴

Next, I was in a crowd of people that somehow heard that the Lord was going to Presence Himself. Did this come from me? Don't know! However, they were gathered to meet the Lord. It seemed like some people took charge of what was going on. Some well-known leaders were in the crowd as well. There was also a pastor wearing a brown shirt with a Nikon-type camera hanging from his neck. There was a large bank of recording devices along a wall.⁵

Of significance is that my wife and I were on the outskirts of this event. We felt very isolated, alone and not part of any of it, as if we had been pushed aside. At one point, I pictured myself curled up in a corner in the shadows of the room. I wondered, "what should I do, perhaps fall on my knees or on my face?" I wasn't concerned about or in fear of the Presence of the Lord; rather, I was concerned over the spectacle that we were observing. It was about shrinking away from it, not embracing it.

Then, while still in sleep mode, around 1.27 am, the *rhema*-word of the Lord came:

"I will not PRESENCE Myself where men try to take control."

"I AM sewing/sowing⁶ My PRESENCE into your hearts."

³ Stay focused; we are in dark, dangerous, even perilous times; we must remain alert, remaining close to the Lord as He makes way for our safe passage to the end of the age.

⁴ The false heaven-hell gospel that either drives people away from the Lord Jesus or scares them into an organization called the "church". Music is one of the targets of this false gospel, as if only one type of music is godly. To the extreme, musical instruments are seen in the same way (e.g., the denomination [to remain unnamed] that doesn't allow musical instruments for worship services).

⁵ The "spectacle, event-driven" church controlled by men (i.e., so-called *faith leaders*). In my mind, the leadership that was present was representative of those who seek for control of the people (Nicolaitans) within the nominal church. The message has been lost that it is all about the Presence of the Lord within the Lord's people, not external to them.

⁶ Both *sew* and *sow* are presented. In the dream, I considered that it was about sewing, as in using a needle and thread. However, both *to sew* and *to sow*, as in sowing a seed, seem appropriate. Also, originally, I wrote that He was "going to", but I sense the word was intended to be more emphatic that He "is sewing/sowing".

At this point, fearing I might not remember this later, I got out of bed to record it. As I was recording the dream, the spirit of the Lord continued.

“This is about the September 8, Wednesday dream.”

It was at this point that I realized the significance of the date. Up to this point, the date had not registered in my mind. (I went to bed with no clue that the 8th was the next day.) Obviously, this caught my attention, especially since this was the first time the Lord has ever revealed something to me on this most important and intriguing date. But wait a minute: this did not come on a Wednesday—the 8th was on Thursday. This didn’t line up; I was puzzled until it came to me—according to Hebrew tradition, days are reckoned from sunset to sunset. Technically, sunset on the 7th to sunset on the 8th encompasses both Wednesday and Thursday, and in this case, Wednesday preceded the 8th according to our reckoning of days.

The Lord continued.

“It’s not about the fall feasts⁷; it’s about My Presence—Me coming to you in a unique and new way.”

“Behold, I AM making all things new—the old ways died on the cross.”

“What you saw were types of people who want to take control and stage events. They miss the point. My Presence is not an event to organize, to record or any such thing.”

“My Presence is all of My spirit—no man can nor will organize it. It is My timing, My way, My place—no man can bring this about.”

“The world is at the precipice of evil. It is going into the precipice of darkness. Hold to nothing that the world is offering. Come out!”

“The gale-force winds⁸ have come. I AM sending forth My spirit in new ways—the old will not do.”

⁷ Based on the teachings of others, I assumed the 2003 dream had to line up with the fall feasts. Now, I know it was never about lining up with them. The Presence of the Lord is not contingent on them. The lesson: remain true to what the Lord reveals to you and don’t try to fit His revelation into the teachings of others unless it is clearly revealed to you to do so. Don’t assume! Whether September 8 has anything to do with the fall feasts, the transformation and resurrection and the arrival of King Jesus is now an open question for me.

⁸ This brought to mind a **March 5, 2014** dream I had about a [50-MPH Wind & the Spirit](#).

He then continued to speak to me about the **Word of the Kingdom** being planted in the rich and vibrant soil of His indwelling Life. That which is planted in this rich soil bears much fruit for the Kingdom of God. He is turning the soil of the heart of His people, working His richness into hearts, readying them to manifest in His Kingdom of Glory.

Now, there is one more thing that occurred in reference to the 8th that had far-reaching global implications that is clearly tied to a long-standing earthly kingdom—the British United Kingdom. Roughly 12 hours⁹ after the initial onset of the dream, it was reported in the US that **Queen Elizabeth II died at the age of 96, after reigning for 70 years and 7 months**¹⁰.

My wife immediately saw the connection to the **August 30, 2021** dream of taking the Queen's seat (scepter/reign), meaning her days were over and the reign of the conquerors had arrived. We then saw the connection to the **August 30, 2017** word about **the countdown of ten days and the beginning of the end has begun**. This is where we must transcend time by putting aside the actual years and simply beholding the month and day.

It goes like this: the ten-day countdown to the beginning of the end began on **August 30**, transcending time to her death. Ten days later, on **September 8**, the conquerors took their seat in a special way to reign with Christ in His heavenly kingdom when Queen Elizabeth, representative of an earthly reign and kingdom, died on this day.

The term *special way* is used to distinguish it from the reality we have had all along, namely, that we are presently seated with Christ in the heavenlies. The special way is about the Lord's Presence coming upon the conquerors in a new way. It is not about Him coming to earth on a white horse; He is coming in His people to fill them to overflowing with His Zoe-Life. This is about all things new and His new creation coming to maturity!

In a sense, many of our experiences with the Lord could be described as Him presencing Himself, but, if I am representing the Lord's heart correctly, this is about Him doing a new work at the end of this age in which His judgment of the world has entered a new phase that began on the 8th, which, I submit, will be a ten-year period as well, as His conquerors also enter a new phase of reigning with Him that is summed up and explained by His Presence.

The Lord Jesus Himself, by His spirit, is sewing His Presence (i.e., His Zoe-Life) into the hearts of the called and chosen, His conquerors, much like sewing a new patch onto new cloth. Jesus makes this clear to us.

⁹ The number **12** signifies *divine government*. The crown has passed?

¹⁰ Note the **7s**, signifying *spiritual perfection*; factored by **10** signifying *ordinal perfection*.

No one puts a piece of unshrunk cloth on an old garment, for the patch tears away from the garment, and a worse tear is made. Neither is new wine put into old wineskins. If it is, the skins burst and the wine is spilled and the skins are destroyed. But new wine is put into fresh wineskins, and so both are preserved.” (Matthew 9:16-17 ESV)

The point is that sewing His Presence into His people cannot be removed; He is permanent—nothing can touch Him nor harm Him, and this applies to His conquerors.

Metaphorically, whether of cloth or wineskin, the *all new* must be sewed onto or poured into something that is likewise new. After all, *in Christ, we are new creations*. This is the work of the Lord that has begun in a new way during a period of world judgment that leads to the end of this age and the open manifestation of His Kingdom of Glory.

But there is another way to see this and this is in the word *sowing*. Matthew 13 speaks of sowing the seed of the Word of the Kingdom into rich soil, and 1 John 3:9 speaks of His seed abiding in His people where there is no sin whatsoever. We could say that the Lord has taken upon Himself to enrich the soil of the heart of His people in such a way that it springs up in new life bearing much fruit. This pulls together the word I received about the [Anointing](#) and what I have been writing about lately on [Zoe-Life](#).

The Zoe-Life, Anointing, Seed, Abiding and Presence are one and the same.

Dear people, this is what the Lord is doing in these final days of the age. Queen Elizabeth’s passing signifies the passing of the scepter of this world to the Lord’s conquerors, destined to openly manifest as the sons of God. This is all about the **saints in Light** taking their place on the earth as ordained by God. It is about the Anointing within them, rising up like rivers of living water to rain (reign) upon the world, manifesting the righteousness and peace of the King of Righteousness and Peace, as the true **ambassadors of reconciliation**.

Clearly, Wednesday, September 8 plays into all of this in reference to the coming age. I’m convinced that this day in 2022 marks the beginning of the end that is a period of ten years ending in 2032. The crown has passed to the conquerors, not only to endure to the end but, more importantly, to rise above the tumultuous judgment (i.e., the world falling into the precipice of darkness) of this next decade, rising up in the victory of King Jesus. His conquerors are in the final phase of their spiritual journey in mortal bodies that leads to their transformation as sons of God in glorified bodies, conformed to the image of the Son of God, the Son of Glory. This is what His Presence is all about.

Grace upon grace, faith to faith, glory to glory!
