Collectivism—Collective & Moral Consciousness (Commentary)

In the last insight, [Dark Force of Evilism](#), as an afterthought, I ended with some comments on collectivism in light of president Biden's UN *Pandemic Summit*. Shortly after posting this insight, I learned of a September 2021 (version 1) document, [THE VACCINE DEATH REPORT \(stopworldcontrol.com\)](#), written by David John Sorensen and Dr. Vladimir Zelenko, MD. Collectivism is touched upon in this report. I'll get into it in a moment, but first a word about the report.

Sorensen and Zelenko state: *The purpose of this report is to document how all over the world millions of people have died, and hundreds of millions of serious adverse events have occurred, after injections with the experimental mRNA gene therapy. We also reveal the real risk of an unprecedented genocide.* However, they go beyond this central theme to cover the New World Order and the criminal elite behind this drive for global dominance and control of the human mind and body.

Collectivism is discussed under the section heading *Ultimate Mind Control* in reference to Klaus Schwab's book *The Fourth Industrial Revolution*. [Although the word *collectivism* is not used directly, the overall concept of it is the intent of the delusional transhumanists.]

In describing Schwab's book, Sorensen and Zelenko comment on Schwab's skill of deception and then quote directly from his book: *How well Schwab masters the skill of deception with cleverly chosen words to hide his true intents is seen clearly at the end of his book The Fourth Industrial Revolution:*

In the end, it all comes down to people and values. We need to shape a future that works for all of us by putting people first and empowering them. In its most pessimistic, dehumanized form, the Fourth Industrial Revolution may indeed have the potential to "robotize" humanity and thus to deprive us of our heart and soul. But as a complement to the best parts of human nature—creativity, empathy, stewardship—it can also lift humanity into a **new collective and moral consciousness** based on a shared sense of destiny. It is incumbent on us all to make sure the latter prevails.

On the surface, this might appear to be a good thing. After all, doesn't he refute the idea of robotizing humanity? Well, not exactly. Why raise the point at all if it's not part of the agenda? This is simply deflection. Here is how Sorensen and Zelenko view it.

What he says here is that humans need to be empowered and may not be turned into robots. However, then he concludes which must prevail: ‘lift humanity into a **new collective and moral consciousness**’. What does that mean? It means exactly what it says: **every human will think and feel the exact same way, we will all share the same ‘collective consciousness**’. ... This means **total brain manipulation of all of humanity**. Every soul on earth will be submitted to the narrative that the world leaders prescribe, or in Schwab’s clever words: ‘humanity will have a new collective consciousness’.

Their conclusion regarding Schwab’s true motives is not simply an interpretation; it is based on the entire agenda laid out by Schwab’s *World Economic Forum* that seeks a global reset based on *technocratism*, which includes *transhumanism*—meaning AI-driven cyborgs or robots are part of the plan. The *dark force of evilism* plans to “transform” humans into a collective and moral consciousness of transhumans driven by AI that will no longer be in the image of God our Creator. A transhuman will be something other than human.

This is not a conspiracy theory as the propaganda media would have us believe. It’s not even a theory; it’s a **genuine global conspiracy of the dark forces of evil**. The ones driving it might be delusional, satanic psychopaths (and any other deviant word one might add) that, ultimately, will not succeed in their plans, but this doesn’t prevent them from causing great harm on their way to defeat. In their delusional thinking, they are not proposing some theory yet to be worked out; they have a plan and they have been conspiring for years to implement it and have now made it known they are doing just that.

Mark September 2021 as the point in history when three things took place.

First, these dark forces began declaring to the world their true intentions to bring the entire world under bondage to their evil plan in the inverted guise of “good” for humanity. On August 17, 2021, the arrival of the New World Order was announced in Australia, and then on **September 21-22, 2021**, Biden, a puppet of the NWO, announced that the US is all in, as well.

Second, a growing number of people and groups are pushing back against this global agenda by exposing the lies of what Sorensen and Zelenko call the **criminal elites**—the so-called ‘nobles’ that secretly hide in the shadows with the intent to “enslave all humanity and rule over them as tyrannical ‘gods’”.

Third, and this is the most important one for the Lord’s people, on the **21st of September**, God began His divine reset that will come about through His Anointed Ones. He has commenced the process of Anointing His people who will rise up as His **light force of good** to defeat the **dark force of evil**.
